

**Embassy of India
Yerevan (Armenia)**

Instances have come to our notice wherein Indian nationals are being lured for employment in Armenia by the fraud agents based in India and Armenia. The agents are recruiting Indian nationals by promising handsome salary and visa facilitation by charging huge amount of money for their services.

Visitor visa does not permit employment in Armenia and Armenian authorities do not issue work permits to Indian nationals coming to Armenia on such visas. Therefore, Indian nationals/workers are advised not to get enticed and entrapped in such fraudulent job offers and are requested to exercise extreme caution and verify the antecedents of the recruiting agent as well as the company before taking up any job offer.

Special Advice for Indian nationals/Prospective Emigrant Workers may be seen in the following link:
